Social-Event Management App

• About

- WG41 – Social-Event Management App is an innovative mobile app for conventions, trade shows and events. This mobile app is ready develop with Innovative Online RSVP, Registration with QR code, Attendance Management, Backend User Profiling and other Event Management Tools to assist in event management.
- WG41 – Social-Event Management App offer a feature-rich native app and web for event attendees and engage them before, during and even after the event is over. One of the core objective of the event app is to create a memorable mobile experience for the event attendees.

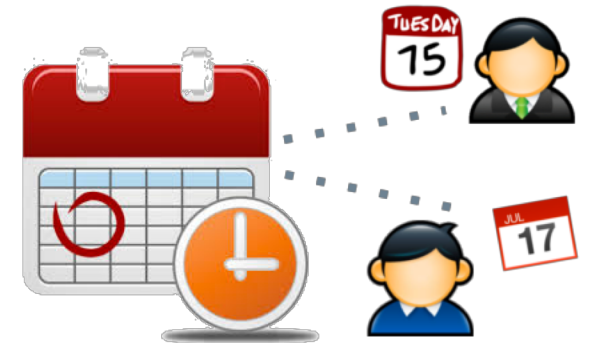

A screenshot of the WG41 More Live Mall login interface. At the top, there is a teal circular logo with the text "WG41" and "More Live Mall" below it. Below the logo, the word "Login" is centered. Underneath, there are two input fields: "Username" and "Password", each with a horizontal line below it. A large, rounded purple button with the text "Sign In" is positioned below the input fields. At the bottom, the text "Don't have an account?" is centered, with a smaller, rounded teal button labeled "Register" below it.
